“ *I just wanted to let you know and I am sure you are looking down on us-----but, I just celebrated my 75th birthday.....I wished you could have been there by my side hanging out with all of the family members, and especially with my grandchildren. Velina, until we meet again. Love you and miss you every single day.*

“ *Aunt Velina, I miss you. I miss your smile. I miss you being interested in my accomplishments. Thank you for taking me to swim lessons, for getting me involved in cheerleading! Thank you for your loving support when I was learning to dance!! Thank you for babysitting me and not getting mad at me for getting into your African Violet perfume!! My teddy bear smelled like you forever!! It was the bad Sabrina that did those things anyway! Your presence, advice, and adoration is very missed. I am short just like you and always felt like we are the same kind of fragile and had the same kind of strengths... so I definitely identified with you. I miss that you could not see Andrew grow up. God Bless you and peace be with you in Heaven Tia.*

“ Avelina if you were here I know you would have invited me out to lunch on my birthday. I miss you and all your kind ways. I miss your giggles. I miss that you loved to share all the community news with us. I loved that you always gave me very good advice, and I loved that you never forgot my children's birthdays, I loved that you were always so thoughtful. I loved that we were sisters and we shared so much in memorable times that were just too short. Love You Always and I will share everything about everyone once I get to see you again. Sincerely, your Sister Monchie

“ I am so sorry to hear about the passing of Avelina. Avelina was one of the seasoned Rehabilitation Counselors who I often went to for advice when I began working with DOR. She always had time to answer my questions and give feedback. She will be greatly missed.
