“ *What a great guy! Loving husband and father, grandfather and great grandfather. I'm sure your family is in pain and missing him so much. There are no words to ease this pain and only time and lots of love will get you through. I know you will all work together and love each other and take it a day at a time. You have a wonderful caring family and lots of friends who care as well. Thank you for sharing your Clay with us.*

“ *He was a wonderful man who loved his family and his grandchildren, comma also the great fruit bearing tree out front provided a lot to those who knew him. As well as my favorite he loves scratchers*
