“ I’ve worked closely with Greg for many years. There was never a dull moment. Going to job sites will never be the same. I am forever grateful for the lessons, laughs and rides around our projects.

“ I can't believe it's almost been a month since you've been gone. Our family met Greg and Tina at a car show in Chino a couple years ago, and I would have never thought at that time what a special person you would become to our family. We knew him in our house as “GG” Grandpa Greg. Greg you were the funniest, most straight forward person I have ever met. We always looked forward to your jokes and your no holds back criticism of everyone's cars at our weekend shows. I know David always looked forward to your daily phone calls and your willingness to always help us with the “Snitzel mobile” even though our time with you wasn't long enough, our lives are so much better because you were a part of it. Car shows will never be the same without you but we promise to always keep your memories alive as we continue to tell your jokes we always loved to hear. We will always carry a part of you with us Carrie, David, Alex, and Aaron

“ *I've known Greg for many years but really didn't know the man until one day, a few years back, he gave me all his attention as we walked around my first, and only, classic car show. Of course, the number one priority was a stroll around his El Camino, and then we walked on to see other cars. With rhyme and rhythm in each sentence, excitement in his voice, and a bit of a shine in his eyes, he answered all my questions with patience and detail as he told me about the particulars of each car. How they sound, how hard they accelerate, and what they smell like when you sit inside. Just an All-American guy talking with pride about those All-American Classic Cars he so loved.*

*As we moved from one beauty to the next, I pictured myself in one of those cars, driving down Victoria Avenue in the spring, when the orange blossoms are in full bloom. By sharing with me that day, he took me to a special place, and I'll forever be thankful for that memory.*

*It's true, caring and love from others can be unexpected and found in the simplest of moments.*

“ We're Rick and Linde and we've lived across the street from Greg and Tina since 2009. We have very fond memories of Greg always working around his home, working on his cars and he was always available to help his neighbors. We'll miss seeing Greg, his friendly wave and smile and we'll miss the vroom sound and "ugga" horn of his beloved El Camino on the weekends as he prepared for his car shows! Greg touched our lives and hearts, he will be greatly missed by all of us on Glenbrook Street. 💖

“ *My name is Rick. I've know Greg about 4yrs been to a lot of car shows together. Always fun to hang out with and if you needed help with something he was willing or he'd give you advice. Going to be missed.*
