“*Jan was my dear friend and I miss her so very much. My greatest regret is that I was not around to ease her passing -- if that were even possible. She always had the best advice and would always listen. We totally bonded over our feline commitments and the fact that we lived locally in Riverside. So much at RCC and the community has changed because of her passing.*

“*I need to say more about my Lucy, that would be Janice Schall to the rest of you. I have been teaching in sociology and education for four decades at four different universities. Jan had honed a sociological imagination beyond any of my fellow sociologists and sociologists of education. She also used that sociological imagination to alter the destinies of students. I firmly believe that her long term commitment to the education abroad program altered for life the destinies of the students in the program, a program whose quality never reaches most community colleges. She was the CEO, bottle washer, and custodian of this very special program. I never told her so in life, but I am telling other now. When we think of our former teachers and professors, we always come back not to the most famous, not to the greatest lecturer, but to the one who cared and change your life. Jan was that kind of person who when talking to you could make you feel like you were the only person in the room. I miss you beyond the count of numbers but you accomplished so very much in your time on earth that alter the destinies of so many students, and me too.*

“ I was very sad to hear of Jan's passing. I had recently reached out to Mrs Shall to invite her to our 20 yr Reunion for the 96' Florence Italy study abroad group this October before I knew how sick she was. Jan was such a wonderful person. She was a big part of our trip, the planning, and she even came to visit us. She made an impact on all of our lives. She will be missed. Our group sends it's condolences to Laura, family and friends.

“ When I was hired at RCC in 1974 I was overwhelmed at first with all the people I had to get to know. I remember I took notice of Jan right away, with her blonde hair and the way she spoke. Jan would always captivate her audience. At some point we connected and were friends. I miss my friend. I feel blessed to have been able to see her in the hospital and hear that wonderful laugh of hers one last time. Laura, my heart aches for your loss. May all the beautiful memories you have of your mom help get you through the difficult times ahead.

“ You could always count on feeling better after being with Jan. Whether working on a trip planning a get together super bowl, happy or sad she was a amazing friend. I will miss her but think of her often, heaven has a new angel. N

“ I am so sorry to hear of Jan's passing. She was a longtime friend and colleague of my grandfather's and I got to know her when I was a student and studied abroad in Oxford. Those are such special memories and Jan will always be part of them.

“ I met her 52 years ago at UCR. I was initially attracted to her because of her passion for sociology. Even though I was a sociology major I lacked her passion. She inspired me so much I went on to earned my doctorate from Berkeley and became a professor. We maintained our relationship and friendship for more than a half century. I miss her beyond the count of numbers.

“*Jan is the reason I have a career at RCC. She took an inexperienced grad student and gave me an opportunity to shine. Then she gave all the support I needed to build my own foundation and succeed. I am forever grateful. Throughout the years Jan has my friend and my mentor. Her passing marks the end of an era at RCC. She is loved and greatly missed.*

“*We are so sorry to hear about your mom. She was so independent-minded it was refreshing to talk about anything and everything with her. I remember when I was teaching at RCC, she and I used to have some great laughs and discussions about all her travel. I told her I had never met a travel maven like she was.. She will be greatly missed. Her influence on the multitude of students who were lucky enough to have her as a teacher and/or travel mentor is incalculable. Please, Laura, let Celia and me know if we can be of any help at all - T.*

“ These are just some of my mom's awards that have been bestowed upon her over the years. She started her college career at this college in 1958 after graduating from Hemet High School and went on to UCR for her BA and Graduate School . She came back to RCC as a full time professor in the early 70's . She taught Sociology for the next many years. But she is asked to think about starting and finding a way to send students abroad and to add a vital needed program to bring our community college students a new way to become part of the world in a way that only 1% of community college students do. She stepped on a plane at 38 years old and didn't stop going until her death at 75. She has run the study abroad program for 25 years .

“ Jan was and is a brave spirit, always traveling, always asking good questions, always dedicated to her students. Our College and community is lesser with her passing into glory, but she leaves behind a summons to aspire to greater and nobler things. May our kind God grant her everlasting rest.

“ I got to know Jan last summer when we went to Greece. She was a fun and funny lady with a bright wit and refreshing sense of humor. We had a great time on that trip. Most of our exchanges were unspoken looks and smiles about things that we saw & experienced. I will miss taking future trips with Jan. Glad my Mother got to visit her on her last days. Hugs to you, Laura & any other family left behind.
