“ I just found out of John's death and find myself reliving past memories of my best friend as we played basketball at Ramona High School and Riverside CC. It was through our efforts to change coaches at RCC that prompted Jerry Tarkanian to be hired from rival Redlands High School, to RCC. That change allowed JT to ascend to becoming one of the most successful college basketball coaches in the US. The 1962-63 team went 32-3. We were inseparable from 59-63. My condolence to the family at the loss of John.
