“ *What I remember most about Jack was his smile. He would always try to make you feel so good when you were with you and he gave you his full attention. He was a great father-in-law to me and I will miss but I will hold on to my wonderful memories of him.*

“ *One memory of Dad was his love of music. He always seemed happy singing his favorite songs in the car. Some of his favorites included "Love Will Keep Us Together" by the Captain and Tennille, "Rock-A-Bye My Baby With A Dixie Melody" by Al Jolson and "Raindrops Keep Falling On My Head" by Burt Bacharach.*

“ *One of my special memories of Dad was his love of certain kinds of music...which I hated at the time but now have come to appreciate...Rock-A-Bye My Baby With a Dixie Melody, The Captain and Tennille's Love Will Keep Us Together and Raindrops Keep Falling On My Head. Can anyone else think of some other songs that he liked?*
