“ Life Story

Kalvin, who lost his beloved mother at a young age, carried a deep sense of empathy throughout his life. That loss shaped him into someone who was incredibly attuned to the feelings of others. He had a gentle way of noticing when someone was hurting, offering comfort, kindness, and understanding without needing to be asked.

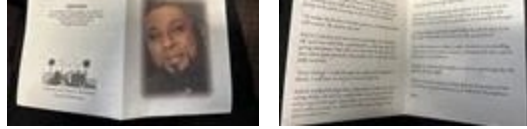

Kalvin followed in his father's footsteps and became a teacher, fulfilling his dream at a young age. He was passionate about guiding and encouraging young people, both in the classroom and on the field. As a youth soccer coach, he inspired his teams with patience, dedication, and heart, leading them to many victories while teaching lessons that went far beyond the game.

He was also a very involved member of the Dilkusha Church youth group, where his faith, leadership, and love for fellowship touched many lives.

After marrying and moving to the United States from Fiji, Calvin worked tirelessly to build a life for himself and his family in California. He began working with the Riverside County Office of Education and at Riverside Community Hospital, where he worked as a front desk employee, a public safety officer, and eventually became the night shift Public Safety Supervisor. Calvin had an incredible ability to reinvent himself and embrace new challenges. While working at RCOE, he earned his Registered Behavior Technician certification and worked with Sunny Days, supporting children in their homes with compassion and care. He later completed his Master's degree in Special Education, continuing his lifelong dedication to learning and helping others.

Outside of work, Calvin enjoyed traveling, cooking, hosting, listening to music, spending time in nature, and watching sports. He found joy in bringing people together and creating meaningful memories with family and friends.

“ I have known Calvin since his dad was a head teacher at Dilkusha Boys early 1990s and they were staying at the head teachers quarters at school. He was always looking out for everyone and had a very caring heart and wonderful personality. Growing up he would regularly come home at our place and we would all have a good laugh. Times changed but he remained the same and was one of the greatest people I have had the most amazing privilege to know and call as a brother. I still remember when he first started teaching and he would be strict to the kids but at the same time be a father figure or elder brother guiding them. Rest in peace big brother.

“ I had known Calvin since 1994, from growing up together as neighbours, to becoming family (brother-in-law) later. Calvin was always there for us during our Dilkusha days, and I still recall him being there for my Mum during their teaching days together, at Saraswati Primary School. His kindness and caring nature will never be forgotten. Alvin and I will miss our Talanoa (Facetime) sessions, and the laughter that followed, reminiscing our fun times together.

We have such great memories with you and my best being from the pic below..IYKYK! :)

We will miss you Kal, and shall forever cherish the beautiful memories we have ❤️. Rest in Love ☐🕊️

“ I remember Calvin as someone who was always ready for a laugh. He was a kind and caring person. His memories will live on for those who knew the kind of person he was.

Hope you find some comfort in knowing that Calvin is now resting in peace, Shail.

“ The Hillcrest Family crew will never be the same. Calvin you are my brother from another mother. Who I truly care and appreciate, essentially your kindness. You are the true legend of “Kindness!” Everywhere and with anyone you shine ✨ bright with kindness always in your heart. We have worked for many years side-by-side in the classroom and it was never a dull moment or situations we could not handle together. Our crew was the BEST. We made things happen and worked together. And for that I thank you. #GOODTIMES. THANKS for sharing your delicious food and sharing photos of your trips during our lunch break. I also appreciate your support and assisting me as I was working on my degree to become a special education teacher. My friend and brother I want you to know how much you have left a huge difference to me and to so many of us in the classroom. You are AMAZING AND SPECIAL! I know you are running and playing rugby 🏉 up in heaven. Especially, hugging your parents tightly. Stay beautiful and keep smiling my friend. Till we meet again amigo or should I say, “Papa Chulo!” 😊🙏

“ *Kalvin and I worked together for many years side by side. Calvin was always so humble, patient, positive, and full of warmth. He loved our students and working in education. I will forever be indebted to Calvin for instilling in me the “travel bug” and love of National Parks. He is the reason I started my travel journey. He always shared with me all about his travels and encouraged me to do the same. He loved national parks and in turn also sparked my interest. I went to Death Valley and to Volcanoes National Park because Calvin showed me photos and spoke highly of his visit. I am so sad that the world has lost Calvin but I also know he has found peace and happiness in heaven. RIP my friend.*

“ My first day at Riverside Community Hospital was on 11/16/09 as the new assistant to the Director of Engineering. As I approached the lobby I could feel my nerves taking over. I looked around and before I even made it to the front desk, a young gentleman in a security uniform with the sweetest friendly smile approached me. He introduced himself as Kal and asked how he could assist. I immediately felt my nerves disappear. From that point on, I always thought of him as my first positive contact at RCH and enjoyed seeing him every morning.

It wasn't until later I learned Shail was his wife and worked in PBX. I then got to know Shail as my director was also over PBX.

As time went on, Shail was promoted in PBX and moved downstairs to my office, which we then shared for several years and had become very close friends.

I loved Kal and love Shail and both hold a special place in my heart.

“ *The Superman to my Batman. ❤️*

Forever besties.

Jija always had the biggest smile on his face and always knew how to make the people around him feel supported. Some of my favorite memories with him are from our vacations, our Fitbit challenges (he was definitely competitive 😅), and all our conversations about movies and shows and recommending new ones to each other. He was the biggest Salman Khan fan and always had to watch his new movies in theaters.

He was one of my biggest cheerleaders, and I will always cherish the memories we shared. ❤️

“ *Sharing a memory of Calvin from 2019.
A very kind hearted person with a sense of humour always. He
cared for everyone near and dear to him and we know much how he
cared for his wife Shail Singh.
Bobo and myself would like to send our heartfelt condolences to the
grieving family. May he rest well with beautiful angels!*

“ Mr. Kelvin was my Year 7 teacher at Saraswati Primary School in 2006. He was a humble, passionate, and loving teacher. I can still remember when he introduces the game volleyball in school, and also how we won the interprimary back then. Isa, I really misses him so much. He has impacted my life and have part of my development. Last five years we had to communicate through Facebook after a very long time since Primary school. We shared bible stories together and he told me what he was facing. I was praying for him, but I believe God's knows best. I am hoping now that one day I will meet him in Heaven. My family and I are in grieve at the moment.

Moce mada vakalekaleka Mr. Kelvin 🙏

“ *My first memory of Calvin. It was years ago when he worked at Patriot. I remember being nervous about subbing in this particular class. I walked in and Calvin was sitting behind the desk. He was so friendly and welcoming. At that moment I knew that the day was going to go well! From then on, anytime I ever worked with Calvin, it was a good day!*
