“ Kornell am sorry to hear about your loss. My mother was 91 as well and I lost her in February. We can keep moving down the road, but we just lose parts along the way. Sounds like she lived long fruitful life. God bless you all.

“ When things happen of which you have no control You feel so helpless way deep in your soul And wish you had the power to make it not so The tight pain in your heart won't let it go News that a special friend passed away And selfish regrets that you won't get to say "Farewell dear friend, till we meet again" That's you in heaven living pain free Amongst the clouds smiling down at me The clocks will keep turning, the earth will still spin But a part of this world will be forever dim. Dear Magdalene rest in peace.you will be missed!! want to say farewell to a wonderful lady who means a lot to me. Katalin Torok
