“ I only knew Mark for a short time. We were introduced to each other just 4 years ago. Mark always had a positive attitude toward his work and it seemed the same for life in general. After we found out about his illness, the prayers began and the hopes for his recovery never stopped. He told me stories about his time in Alaska and we laughed together. Only 4 years, but it seemed much longer. Many of us will miss him and I believe there are many waiting for his arrival in the life beyond. To your friends and family, You will be thought of often. So, here's to a safe and guided journey to eternal life. STABAN Engineering Corp.
