

Melissa Feeley

December 9, 1981 - November 2, 2024

It is with great sorrow that the family of Melissa Feeley announces her passing on November 2nd, 2024 at the age of 42. She graduated summa cum laude from Colton High School where she participated in many extracurricular activities, including cheer, and made many lasting friendships. She would go on to attend the University of California, Riverside. Melissa would ultimately decide to help in the family business at City Body and Frame, where she demonstrated a strong work ethic and an unwavering commitment to any task brought before her. Following her time at City Body and Frame, Melissa would continue in the auto repair industry working at Ben Clymer's in Moreno Valley, CA. In a true display of devotion to her family Melissa left the workforce to take care of her dad in his time of illness.

In her personal life Melissa was an avid lover of all things sports. She was always up to date on stats and players especially those from her favorite sports teams, which thanks to her father were exclusively from New England. Melissa never forgot a birthday and was the first to send out a card or a gift regardless of how busy her personal life was. She never missed a family get-together or a holiday celebration with the ones closest to her. She loved to laugh and could spend hours conversing with her siblings. For all these reasons, Melissa will be remembered for her love of family and friends as well as her deep commitment to all those she cared for.

She joins her father Donald Feeley Sr., her mother Monya Feeley, and sister Laura Feeley-Cruz in passing. She leaves behind her four brothers Donald,

Mike, David, and Leif.

“ I have so many memories with my cousin Melissa. I will always remember that little girl that would get in trouble at the farm in Kerman because she would go out and sneak the lemons off the tree and eat them. Also at Thanksgiving at the farm all of us kids would spin each other around on our grandmas chair till we would not see straight any more. I enjoyed every visit that we shared and the great talks and the tears that we both shared together. I love you and I miss you so much and you will forever be with me.
