“ *Aunt Nellie was more than an aunt, she was my inspiration. She was the reason I became a nurse. She was there when I needed her, and she was for my mother. I was truly blessed to have her in my life. She is missed and loved.*

“ *I just found out about her death. I have known her a good part of my Air Force Nurse career and she was a joy to know. I am saddened by her death but we can rejoice knowing that she is with her Savior and at rest. A great Air Force Nurse and friend.*

“ *Nellie was one of my loving sisters, all of whom are now gone. I idolized her when I was a child and was always in awe of her talents. She will be greatly missed but I am sure she is in a better place and I am also sure she is seeing that everything is properly arranged.*

“ We were very sorry to learn of Nellie's death and send our deep and strongly felt condolences to her family. As cousins, we were proud of her accomplishments as a Registered Nurse, a decorated military officer, and a combat duty nurse in the Vietnam War. She was a true patriot who dedicated her life to serving her country in war and in peace. She also had a strong interest in the origin and history of her family, and she helped research and maintain its genealogy. She will be greatly missed at our future family reunions, but we will always honor her memory and her accomplishments at every gathering. In loving memory, Bill and Cindy Helton and all the Helton Clan Fredericksburg, Virginia
