“ I was saddened to hear Patrick had passed away. I worked with him at Brake Systems Inc in Portland for several years. He was smart and creative, a quiet problem solver who worked well with others. I will always think of him when I hear Debussy. He spoke often of the piano and playing Debussy.

“ Jeanette, our hearts were grieved and greatly stirred when we learned about Patrick. Having lost our Ryan 1 year ago we truly understand all the emotions you are experiencing and will experience in the days and months ahead. Saying this, please know we care and that we will continue to pray for you, for it is our God and Him alone who has faithfully sustained us...and we are confident that He will do likewise for you. We would truly welcome the opportunity to share stories and hearts with you, to give you a hug and to tell you about our amazing God who has carried us through our tragedy. Until then, may He uphold, comfort and bless you in ways that only He can.
