“ *My condolences to the Hecht Family. Randy was a mentor and a good friend. He really opened my eyes to a brighter future. His passing to me brings sadness. My deepest condolences to his family. He was a great person, a kind person, he really knew his job. This is a shock to me. May he rest in peace.*

“ *I had the pleasure of working with Randy on three different cases. He was always terrific to work with - smart, diligent and kind. He knew how to talk to people and he saw behind the veils, and he never seemed to judge too much what he saw. I'm so bummed he's moved on. I will miss him a lot.*

“ *I worked with Randy as the Group Supervisor in GP 1 at the DEA Riverside District Office. Randy was a great Task Force Officer and was very instrumental in the successful investigations conducted by the group. Not only a great investigator, but a great man as well. Very sorry to hear of his passing.*

“ Growing up it’s pretty common to meet the parents of your friends, but once we hit adulthood it doesn’t happen as often. We were fortunate enough to have the opportunity to get to know Randy over the years. From baby showers to birthday parties, he was always willing to open his home to every celebration and festivity. And while these events were filled with amazing decorations, food, and people, it was not difficult to see how easy going Randy himself was, and how much he loved being surrounded by his family. Despite being humble in our interactions with him, it was nice hearing the countless stories Victoria and others would share about Randy’s experiences while serving, as well as protecting his community. Most of all, we will remember Randy for genuinely loving being able to provide for his daughter and grandchildren and doing all the he could to see them smile.

“ I only got the honor of meeting Randy once at the American Heart  Association stroke and hardball with Victoria and the family. My wife and I loved meeting him. Victoria was an angel and I'm seriously still heartbroken that he passed him. Victoria knows that we care about her and we care about the whole family and we hope you all can find some condolences and be able to look back at his life and look at the good and all the wonderful things he did.
