“ *My Sweet Sandi, It has been one month since you received your wings and you are always in my thoughts. Everything I see or do reminds me of you. We shared so many things through the years and I will always be thankful for our times together. We were so in tune with each other that we could finish each others sentence or know what each other was thinking and respond to those thoughts. I love you so much my sister and I will always cherish you, my best and closest friend. You took a part of my heart when you left but it seems as if you left a part of yours with me. I miss you so much but I will see you in the clouds.*

“ *My thoughts and prayers are with all of you. Sandi had such a good sense of humor and loving heart. She could be honery at times though. When we were little I remember going to your house in Denver and she, maybe Tom and Scott, playing a trick on me, getting me to eat a dog biscuit. And her giggling about it. ;-)* Her presence will especially be missed at our family gatherings. Love to you all, Glenda Jackson
