“ *My thoughts and prayers go out to the Garner Family. I remember my Aunt as a kind and generous soul. My mom always spoke of the times she and my dad visited at the beach as a good time with family.*

“ *I am sending my love to my cousins Sara Ann and Mary and also to their families on the loss of my Aunt Sara. I remember her kindness to my family as I was growing up. She always remembered us and shared the bounty of her gardens with my family. Always stoping on her way home from spending time at the beach house. My mom made good use of the the veggies that were given. I know she is in a better place now, with all our loved ones who have passed on. She is remembered with much love.*
