“ My big brother, he meant the world to me, always made sure I was doing alright and made sure I was staying out of trouble. When we lost our mom at the ages 10 and 11, he stepped up and took care of me. He was always the light of the party. Something I admired of my big bro was how confident he was and how he could handle anything that challenged him. He always took care of me and made sure I was doing better before himself. As Pepper Pots said to Tony in Endgame, “We’re all safe, you can rest now”.
