“ Grandpa,

Our story times were always entertaining and surprising. There was never a dull moment with you. You most definitely kept everybody on their toes! You and Houston really did fool me. Now you can be sneaky together up there.

I'll definitely miss watching all the old shows with you, making you cheesecakes and other sweets but will cherish those moments forever. Grandma Woods and Grandma Marsha can make you all the food and sweets you could eat now! Your going to have one happy belly.

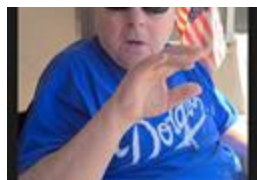

And to put the icing on the cake, Shaky Grandpa and you will now have the best seats at every Dodger game! It'll be heartfelt knowing we'll still be watching them together ❤️👉❤️ Lets Go Dodgers, Lets Go!❤️👉❤️

Enjoy your endless days of being able to play with Breanna and show her all the games you used to play with Houston and Charles, especially Rummy. I'm sure all of you will be at the table for that!

I'm so glad we got one last BBQ with you! Your smile is forever imprinted in my mind and our memories forever stored in my heart.

I love you Grandpa ❤️
